

EXPLORERS - Term 1 2026

Friday 5 - 6:30 pm

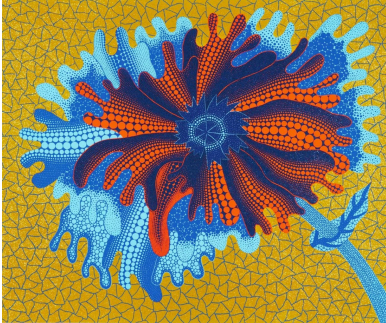

Ages 8 - 13

8 x 90 minute sessions

All materials provided

BYO Art smock and water bottle

In our 90-minute art class, young artists are invited to explore their creativity while having loads of fun. Across the term they'll learn about inspiring artists and experiment with a wide range of mediums. We will work using acrylic paint, watercolour, paint markers, pastels, clay, mixed media and try experimental styles using graffiti and abstract sculpture. Some projects will be developed over several sessions, giving students the time to refine ideas, build skills, and create meaningful finished artworks. Along the way, children strengthen fine motor skills, social confidence, problem-solving and emotional regulation, while also experiencing the calming, therapeutic benefits of artmaking. This welcoming class is suitable for all levels and provides a nurturing space for kids to express themselves, and explore new techniques, while growing their creative confidence and unique artistic voice.
